University of Guelph

## 2017 EC Board of Directors - Letter of Interest

It is my pleasure to have been part of the Canadian equestrian community for 30+ years, and have served as a volunteer for most of that time as a sport official, committee member, Council member and now EC Board member since 2014. This has provided me with a solid understanding of the organization, the community we serve, and the opportunities for improvement that lie ahead.

I have had the fortunate opportunity during this same time to build many relationships within the equestrian community that span the country and I have counted on these relationships to serve and guide me during my time on the EC Board. I believe in our National Federation and welcome the opportunity to continue to serve our community well in the coming years. I believe my sound knowledge of the complexities of Equestrian Canada, combined with my first-hand experience as an equestrian and EC volunteer for 30+ years, and my experience as an EC Board member, uniquely position me to be a strong candidate for the Board of Directors. EC is in a period of transition and growth and I offer stability, continuity, equestrian knowledge and experience, knowledge of EC, and a proven track record of building strong relationships and consensus amongst the equestrian community.

I would be honoured to continue to serve our equestrian community as a member of the EC Board of Directors.

Sincerely,

A handwritten signature in cursive script, appearing to read "Peggy Hambly".
